

Competition Tables - Updates will be made Sunday Night, Monday Lunch & Monday Night

last updated with results from RugbyLink: 22-08-17 2:15 PM

*** See below the tables for some explanations as to how the tables are calculated ***

NB. The tables have had updates in the PF / PA in grades where a team/s have left that grade (per Rule 3.17 (F))
See Notes at the end of the tables for some more information

SOME NOTES RE THE TABLES:

We have had to calculate the tables manually, as RugbyLink is unable to cope with our Competitions. Please direct all frustrations, comments and messages to the ARU at: rugbylink@rugby.com.au 😊

The tables above reflect the Competition Rules. There are some explanations below of a couple of key rules.

If the points look wrong, sometimes it's because the results haven't been entered when we download the data (check how many 'games played' are listed), sometimes it's because the score was entered the score in the Half Time row and not the Full Time row in RugbyLink, and sometimes it's because we have to manually adjust the scores/points for byes and forfeits every time we download the data and we miss one (you'll usually see that the games played are correct but the points don't add up)

If you find an issue in the tables, please talk to your President, who will contact SJRU and we will investigate. We are looking at each email we receive, although we don't necessarily have the time to respond to each one, so please don't feel ignored.

NEW INFO We have just put through some adjustments to the Points For / Points Against:

Because we (the Age Directors) weren't having enough fun manually calculating the Competition Tables in between our regular day jobs and other responsibilities, we have discovered an extra word in the Comp Rules we had previously skipped over, but is actually quite important.

This is thanks to a club (who shall remain nameless), who discovered an error in one of their tables - although for the wrong reason – giving us reason to go back and read the Competition Rules again, which is when we tripped over the word.

That little word is 'Series'. You'll find this word, next to 'Round'.

To state the obvious, a 'Round' is a series of matches where each team in a competition eg U13C, plays another team from that competition. Otherwise known as a normal Sunday.

A 'Round Series' is a full cycle of matches where each team plays each other once. So, if U13C has 8 teams, a Round Series will take 7 rounds (not 8 because you can't play yourself).

So what does this mean for everyone?

First thing for those coaches who are panicking....NOTHING HAPPENS TO COMPETITION POINTS!

If everyone is calm again, we will keep going 😊

When a team leaves a grade, in any Round, we need to check if it is in the middle of a Round Series. *Why?* Because a team is usually moved because they are getting whipped by most of the other teams, or is whipping all the other teams. This leads to some crazy Points For/Points Against.

If we left those PF & PA in the table, and not everyone has had a chance to play that team who is leaving, the ladder is left with some teams who have crazy PF/PA and some without. To level the playing field, we remove those PF/PA.

Although it may not feel like it now, the good thing with this rule, is that it makes the ladders fairer.

Who does this affect?

Any grades listed as 'R5: Exit Only' and those who have had teams leave their grade after R5.

We have adjusted the tables manually, and the changes are included in the tables below. If you still believe there is an error, please talk to your president who will give the good news to the Age Directors for them to check.

- WHAT HAPPENS WITH COMPETITION POINTS AND SCORES AFTER THE MAJOR RE-GRADING AT ROUND 4

When we re-grade after Round 4, there are 3 possibilities that can happen to a grade:

	Definition	What happens to Games Played?	What happens to Comp. Points?	What happens to Points For (PF) & Points Against (PA)
No Change	the same teams are there in R5 as was in R4	Games played in R1-4 are included in the tables	Points received in R1-4 are included in the tables	Scores in R1-4 are included in the tables
Exit Only	the only change is that a team/(s) are moved OUT of the grade, all the other teams remain the same	Games played in R1-4 are included in the tables	Points received in R1-4 are included in the tables	<p>Scores in R1-4 are included in the tables This depends on whether all the teams left in the grade got to play the leaving team(s).</p> <p>If the answer is yes: NOTHING. LIFE GOES ON.</p> <p>If the answer is no: the PF/PA for the games against the leaving teams are removed</p>
Reset	a team/(s) are moved INTO a grade. Some teams may also move out of the grade	Starts at 0 in R5 Only games from R5 onwards are included in the tables	Starts at 0 in R5 Only points from R5 onwards are included in the tables	Starts at 0 in R5 Only scores from R5 onwards are included in the tables

How do I know which one applies to my grade?

Near the top of each table, you will see one of the three options above.

- WHAT ABOUT TEAMS THAT HAVE BEEN RE-GRADED AFTER R5?

We call this 'subsequent regrading'.

The re-graded team should appear in the Comp Tables in their NEW grade

For these teams which have been regraded, we have included a note next in the table.

What happens to their points/games played etc?

eg U12 Woolly Ovines are regraded from U12C to U12B effective R8

Which team?	What happens to Games Played?	What happens to Competition Points?	What happens to PF and PA?
The team being MOVED (ie U12 Woolly Ovines)	Starts at 0 in R8	Allocated the same points as the team in the middle of the U12B table (at the end of R7) at the beginning of R8 <1>	Starts at 0 in R8
The teams in the NEW grade (ie U12B)	Nothing. Life goes on	Nothing. Life goes on	Nothing. Life goes on
The teams in the OLD grade (ie U12C)	Nothing. Life goes on*	Nothing. Life goes on*	<p>Nothing. Life goes on* <2></p> <p>This depends on whether all the teams left in U12C have played the Woolly Ovines the same number of times.</p> <p>If the answer is yes: NOTHING. LIFE GOES ON.</p> <p>If the answer is no: the PF/PA for the games against the Woolly Ovines are removed</p>

<1> The rules say that these points are taken 'upon that Team's entry'. Usually that means we can look at the table at the end of the prior round. However, the table at the end of (say) R7 is not always the same as the table at the start of R8.

How is that so? When we have one team leave a grade and one team come into the same grade at the same time.

We have decided the intent of the rule, is that an interchange of teams should be taken as happening at the same time, so allocated Comp Points is calculated without the moving teams points being used in calculating the table midpoint.

<2> When a team moves out of a grade before all the other teams have had a chance to play them, we need to settle the grade back onto a level playing field (as best we can).

* there are some additional rules, for when there have been deferred games against the Woolly Ovines. We haven't had this occur this season, so we'll not worry right now.

- NOT ALL MY RESULTS ARE IN THE TABLES

This happens when the results for your game have not been entered into RugbyLink at the time the SJRU co-ordinators download the latest data.

Please note the feed from RugbyLink isn't live – we are calculating the tables manually (including dumping the data, because RugbyLink isn't able to). The earlier you are able to enter your results; the more chance they have of appearing quickly in the tables

- WHAT POINTS & SCORES DOES A TEAM RECEIVE

PF = points for (what your team scored)

PA = points against (what the opposition scored)

What happened in the game?	What happens to Games Played?	What column is the game counted in?	What happens to Competition Points?	What happens to PF & PA?	<i>Exception:</i> If the difference in the scores is more than 50	Wait....what????
Game is STARTED & FINISHED: Winning Team	1	Win	4	PF: winning team's score PA: losing team's score	PF: Losing score + 50 PA: Losing score	
Game is STARTED & FINISHED: Losing Team	1	Loss	2	PF: losing team's score PA: winning team's score	PF: Losing score PA: Losing score + 50	
Game is STARTED & FINISHED: Draw	1	Draw	3	PF: score PA: score		
Game is a BYE	1	Bye	4	PF: 0 PA: 0		
Game is FORFEITED: Forfeiting Team	1	Forfeit	0	PF: 0 PA: 28		
Game is FORFEITED: the Other Team	1	Win	4	PF: 28 PA: 0		
Game is ABANDONED prior to starting (eg due to lightning)	N/A	N/A	N/A	N/A		Game is considered UNPLAYED –treated like a deferred game
Game is ABANDONED prior to half-time	N/A	N/A	N/A	N/A		Game is considered UNPLAYED –treated like a deferred game
Game is ABANDONED after first-half finished	1	Win/Loss OR Draw	4/2 OR 3	As for Win/Loss OR draw	Winning score = Losing score + 50 Losing score = Losing score	Game is considered played & complete. Same scoring & points allocation as for a WIN/LOSS or a DRAW
