## SCOPE

This Handbook deals with the selection, retention, and operation of Sydney Junior Rugby Union (SJRU) Representative Teams only.

Specifically, it addresses the following:

- Selection of coaches, managers, selectors, and support staff
- Organisation of the Team for training sessions and matches
- General Team Management issues

This Handbook must be read in conjunction with the NSWJRU Code of Conduct, the SJRU Code of Conduct, the Laws of the Game and any relevant tournament documents.

## SELECTION OF COACHES, MANAGERS AND SELECTORS

The appointment of Head Coach, Assistant Coaches, Managers and Selectors shall be competitive and based upon merit.

The Head Coach position shall be advertised in accordance with the SJRU Constitution via the SJRU and affiliated websites and through the metropolitan zones and clubs.

SJRU has a policy of not appointing a coach to an Age Group if that coach has a son eligible for selection.

Applications may be received as a single application or multiples of any combination of positions.

Interviews for positions of Head Coach will be conducted by a panel made up of the SJRU Vice President - Representatives (SJRU VP Reps) and any other persons as determined by the SJRU Committee.

All Head Coach Applicants will be interviewed.

Selectors' positions shall be advertised. Applicants for Selectors may be required for an interview at the discretion of the SJRU VP Reps. Selectors need to read and understand the selection process as outlined in this Handbook.

In addition, Zones and the SJRU Committee may approach suitable applicants and encourage them to apply for a position as a Selector.

Selection Committee for Each Age Group shall ideally be appointed as follows:

- Chairman (appointed by SJRU Committee and responsible for the process)
- Head Coach
- One Assistant Coach
- Independent Selectors (normally 3 but any number as determined by the SJRU Executive) appointed from applicants. Should insufficient suitable applications be received, the SJRU Executive may appoint suitable qualified Selectors or may reduce the number of Selectors appointed.

SJRU may appoint or not appoint any person to any position as they see fit. In addition, a set selection process as outlined in this Handbook will be adopted and co-ordinated by the Chairman of Selectors for each Age Group.

## QUALIFICATIONS AND ELIGIBILITY

### Coaches

- Head Coaches ideally, as a minimum, have a Level 2 coaching accreditation (or must be willing to obtain a Level 2 coaching accreditation before commencing duties).
- It is a condition of the appointment of any Coach (Head or Assistant) to a SJRU representative Team that they cannot coach a District team or Zone team as this may impair their ability to view all boys for selection purposes.
- Assistant Coaches ideally, as a minimum, have a Level 1 coaching accreditation.
- All Coaches MUST be Smart Rugby accredited.
- Speciality Coaches must be subject matter experts, and this shall be the limit of their influence.
- All Coaches must have a Working With Children clearance before commencing duties.

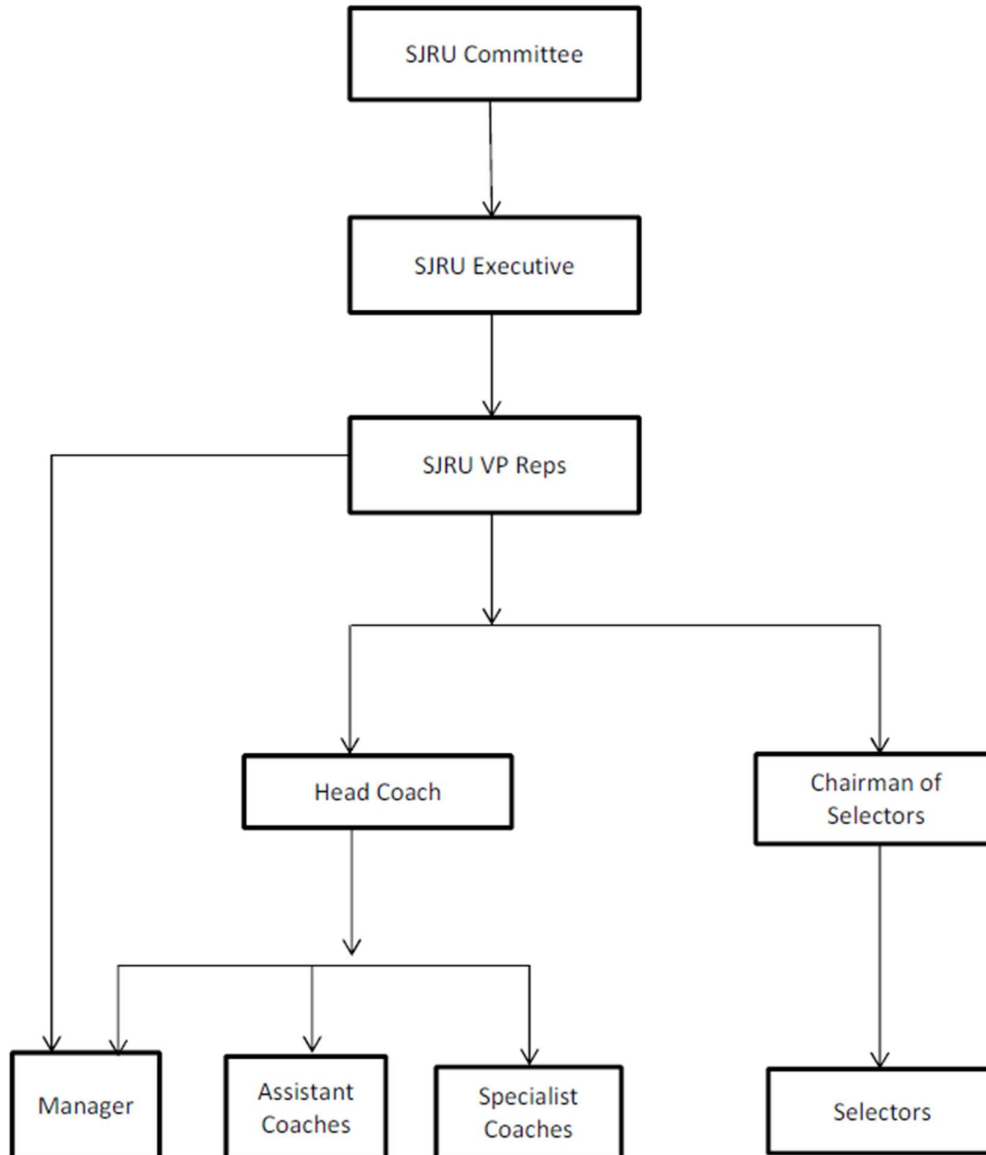

In exceptional circumstances the SJRU may appoint a Coach who does not have the minimum qualifications stated above.

### Selectors

- All Selectors (including coaches) should have attended and completed a Selector's Course conducted by NSWRU, or its affiliate, prior to the start of the representative season or within the past 24 months.
- Selectors must agree to work within the framework and selection process as outlined in this Handbook.
- Where possible, all Selectors must attend all State Championship matches for their Age Group.
- All Selectors must attend all selection meetings called by the Chairman of Selectors and / or SJRU VP Reps.
- Selectors appointed cannot hold a coaching position for either a District team or Zone team in the same Age Group in which they are to select for SJRU. Any coaching position must not prevent them from having the time and ability to watch players in the Age Group for which they have been appointed.

## ORGANISATION

All representative Teams are expressly representing SJRU and the chain of authority and accountability is set out below:

## ACCOUNTABILITIES

### Head Coach

To develop teamwork, commitment, and the skills of each player so that all players and the Team play to their full potential.

To provide a preparation conducive to winning while also ensuring matches are played in a competitive and fair manner.

To maintain a reasonable balance of match time and bench time for all players without compromising the Team's results.

If there is to be a NSWJRU side selected in the Age Group, then the Head Coach shall be held accountable to ensure that the maximum numbers of players are selected in the NSWJRU side.

### **Assistant Coach**

#### **Forwards**

To develop teamwork, commitment, and the skills of the forwards squad particularly in scrum, lineout and tackle / ruck / maul situations and to develop patterns of play as required by the Head Coach.

#### **Backs**

To develop teamwork, commitment, and the skills of the backs squad particularly in attacking and defensive situations and to develop patterns of play as required by the Head Coach.

#### **Specialist**

To develop the specialist skills of players – for example, scrums, kicks etc.

### **Manager**

To provide all services and administration required by the Team, their connections and the SJRU that are not coaching related. This may include the need to submit a formal Report at the end of the season. The Manager is expected to liaise closely with both the Head Coach and the SJRU VP Reps.

### **Selectors**

The Chairman of Selectors will ensure that the selection process is carried out in accordance with SJRU policy and is responsible to the SJRU for the selection of each Team.

This will include:

- Consultation of all Selectors with the Head Coach to identify the pattern of play and philosophy required by the Head Coach.
- With the assistance of the Head Coach, selecting a Team that will provide the deliverables to suit that pattern of play and to achieve the objective of winning every match in a competitive and fair manner.

Selectors are appointed by and accountable to SJRU to represent the interests of SJRU in selecting the best players to suit the pattern of play as determined by the Head Coach.

**Selectors do not represent their District or Zone and must always be objective in determining selections.**

SJRU reserves the right to remove any selector who displays overt bias towards any District or Zone at the expense of others.

The SJRU President and SJRU VP Reps shall be ex officio members of all selection panels.

Selectors shall have the responsibility throughout the season to observe specific District teams and Zone teams during their respective tournaments to identify appropriate playing talent for the SJRU Team.

This means that they may well have to liaise with the Head Coach of these District teams and Zone teams to seek their co-operation where required. This should always be addressed by the Chairman of

Selectors and in sympathy with the specific goals and objectives of that District or Zone coach. In other words no specific pressure is to be placed on these coaches to detract from their own goals of winning their respective tournaments.

All work between District, Zone and SJRU teams must be co-operative and in the interests of all parties.

Position specific KPIs will aid in the identification of talented players and this process is one used for selection purposes by senior Australian Unions (document of position specific KPI's added at end).

### **Pre- Selection process**

- The Chairman of Selectors is to facilitate a meeting of the selectors for decisions and selections to be made.
- The Chairman of Selectors in consultation with the Coach will determine the most appropriate way to handle the selections. That is, do specific selectors look at specific positions (eg inside backs) or do they attempt to select every position.
- Each selector has a maximum of one vote and the player with most votes will be selected. It is important that selectors work with the Head Coach to select appropriate players within the framework provided by the Head Coach, but no Head Coach can over-rule the selection panel without the necessary numbers.
- In the event of any selection dispute, it is the Chairman of Selectors responsibility to attempt to resolve any issues. Failing this, any unresolved issues must be referred to the SJRU VP Reps.
- The selection of each Team must comply with Law 3, Clause 3.5 Under 19 Variations of the “Laws of the Game”. This means there must be 6 players who can play in the front row and 3 players who can play in the lock position.
- The Team will be selected after the last match used for selection purposes. The Head Coach is to review the selected Team with the SJRU VP Reps, prior to finalising the Team, to determine any concerns or issues. In the case of the SJRU Under 16’s Team, selection will be finalised after a meeting between the SJRU, NSW Schools Union and Country Union at NSWRU. All selections must always remain strictly confidential.
- Notice of the selected Team will be emailed by the Chairman of Selectors to the SJRU VP Reps who will arrange for publication the following day.
- The notice will be in accordance to the Team list template provided and shall detail:

The Letter of Understanding and Commitment will also outline possible consequences for a player who fails to meet the expectations of the SJRU Committee and Team Management.

## **Shadow Players**

A list of “Shadow Players” will be maintained but not announced to cover replacement of injured players for a particular match or matches. This is in accordance to the Depth Charts and a copy of this list is to be provided to the SJRU VP Reps for the record.

Shadow Players may only be used to replace injured players or players expelled from the Team.

Shadow Players will not be issued with gear unless they are actually called into the Team.

No Shadow Player may be brought into the squad without prior consultation with and written ratification by the SJRU VP Reps and SJRU President.

## **The First Training Session**

By the conclusion of the first training session a decision must be made by Team Management regarding the future of those absent. Any decision to expel a player from the Team must first be discussed with and ratified in writing by the SJRU VP Reps and SJRU President.

All absent players must be phoned by the next day following the training session concerning the reason for their absence.

Any replacement players must be notified by the next day after the person to be dropped has been notified and ratified in writing by the SJRU VP Reps and SJRU President.

Each player is to be handed an information pack with contact details and an outline of the program and whatever other information is needed that makes the management of the Team easier and the expectations of the Team members understood. This includes:

## **DISPUTES AND CONCERNS**

Should any issues arise at any time during the season or any concerns over the conduct of the Team, then these matters must be reported firstly to the SJRU VP Reps. This includes both on field and off field matters.

It must be clear that any matter of concern or dispute must always be referred to the SJRU VP Reps for appropriate determination of actions necessary.

SJRU will then determine the most appropriate way in which this matter should be handled and resolved. Matters of internal dispute that cannot be handled by the Team Management must always be referred to the SJRU VP Reps for determination.

## **DISCIPLINE**

Team Management is responsible for Team Discipline at training sessions, game day and travel. This also applies to any specific camps that have been arranged.

Minor problems should be dealt with “in house” as far as possible and ideally with the support of the Team Leadership group.

More serious offences need to be dealt with firmly but fairly and in a timely manner. It is essential that Team Management present a united front in dealing with such issues. A meeting of Team Management should decide on an appropriate course of action, and all support this position. If agreement is not reached, then the Manager has the final say on disciplinary matters.

Some typical measures for serious discipline breaches include restitution of monies and apology, banning from social activities for a period, suspension from playing for a period of time, informing player’s parents and in severe cases expulsion from the Team.

The SJRU VP Reps must be advised of all serious offences. Any decision to expel a player from the Team must first be discussed with and ratified in writing by the SJRU VP Reps and SJRU President.

Appropriate Team bonding is highly regarded and is an expectation of the SJRU Committee. Teams are expected to operate as “Teams” both during matches and off field when representing SJRU.
